Patrick Scully - Performance Artist

WHAT DOES GAY PRIDE MEAN TO YOU?

Gay Pride means to me that I get to define my life on my own terms.

ARE YOU PART OF THE 'GAY COMMUNITY'?

I'm part of several gay communities.

GAY ACTIVISTS: A DYING BREED?

No, I think we're Phoenix-like, we disappear and then reappear, sometimes in the form of new people, and sometimes in the form of people who were activists earlier re-emerging and taking on different issues within the community.

BILL CLINTON - DISH THE DIRT ...

He's a coward. He knows how to talk the talk and he gets support from the gay community, but he's not willing to be there when we need support. From the very beginning, with the gays in the military issue, I believe he showed his true colours.

WHERE WERE YOU WHEN ELLEN CAME OUT?

I was sitting at home video-taping the show so my lover could see it later.

IS IT GOOD TO BE GAY IN AMERICA NOW?

It's a mixed bag. There's a lot to celebrate, but there's also a lot to be fought.

HAVE YOU EVER HAD AN ERECTION WHILE PERFORMING NAKED ON STAGE?

No.

WHY NOT?

When I'm performing on stage my focus is different than it would be if I were engaged in being sexual.

ARE YOU A SIZE QUEEN?

I would be a liar if I were to say that a big dick hasn't turned my head.

DO YOU OWN A BARBRA STREISAND RECORD?

I have several that my step-mother gave me.

WHO DO YOU ADORE?

Tina Turner.

WHAT IS THE MEANING OF LIFE?

I think that we're all only guaranteed one time around in the body that we're in, so for me it's all about experiencing as much of what there is to be experienced in the world as I can, as consciously as I can.

DESCRIBE YOUR SHOW IN FIVE WORDS.

Funny, political, confrontational, sexy, and irreverent.

Patrick Scully's one-man show, Queer Thinking, opens in The Project @ The Mint with a Pride reception on June 23. See Gay Days for details.
